

EXPERIENCE

Penobscot Indian Nation Enterprises seeks candidates with business experience to serve on the parent Board of Directors and the Boards of Managers for various subsidiaries.

We are concentrating on filling a new key management oversight model, seeking to bring diversity to these entities to better position our tribal corporation in the highly competitive world of federal contracting. Our focus continues to leverage our eligibility in the US Small Business Administration's 8(a) Business Development and HUBZone programs to strengthen our companies.

We require candidates that have bonafides in federal contracting, with 3+ years of experience in one or more of the following: finance, marketing, business development, human resources, contract pricing, and other needed areas of expertise.

We would like to find candidates that also have experience in the following market industries: construction (both building & roads), professional services, and manufacturing processes for other future considerations. *
